

Greetings SPA members,

The days are getting shorter and fall is already upon us! The SPA board has been busy planning and organizing several events. Our most recent social event was hatchet throwing at Heber Hatchets followed by pizza and networking at Pizza Pipeline. Keep an eye out on our website or in your emails about our next social event! Our monthly continuing education events occur most months of the year, are accredited for both pharmacists and technicians, and are available in person and virtual! Visit our continuing education web page for more information on upcoming events: <https://spokanepharmacy.org/category/continuing-education/>

Our annual Pharmacy Technician Day is right around the corner on October 10th! We had a great turnout last year and hope to have another wonderful day full of learning and fun this year! We will have 5 hours of continuing education that includes required CE for technicians (pharmacy law and patient safety) – but all of the CEs will be accredited for pharmacists and technicians – and the event will be available both in person and virtually (although you only get breakfast and lunch if you're in person!) Visit our website or check your email for more information and link to register.

Lastly, we have one position open on the board – this is for a three-year position that serves one year each as president-elect, president, and immediate past president. Please email our current president Maggie (mscoffman@gmail.com) if you are interested in learning more. We also recently welcomed a new technician onto the board – welcome Patrick!

As always, thank you for all you do for the health and well-being of our community. Happy Fall!
